3 Pro-tip:

▼ It costs \$400+ in filing fees for Federal Court. If live in a Federal Circuit with a fair chance at an honest judge.

https://www.law.cornell.edu/uscode/text/2/7

https://www.law.cornell.edu/uscode/text/3/1

Enforcing either of these two will solve many problems. Including removing Dem House members, and ending the "runoff" in GA.

Only votes on Election Day count for congressional House & Senate seats. Not Ballots beforehand or after.

Same for when Electors can be selected.

I've saved enough airline miles for a round trip from Oregon. I have a bicycle sack and down sleeping bag with pad. I will show up naked, shivering, starving, and 100% ready to fight with every god damn breath I have. I will do it to preserve the rights and freedoms of those who vehemently disagree with me, because it's that important

Well over 74 million voted for him. So guessing 75 or even 76 is definitely on the table.

Say that 1/3 decided "Okay, time to be a cuck, lie down, and take the communism in the ass."
75>50.

Say that 1/3 has delcared going to the protest.

50>16.

Say that only 1/3 ends up actually going.

16>5.

Then say that only 1/3 is coming armed.

That's still over 1,500,000 patriots, and that's just the *doomer* version.

This isn't even considering that many patriots are definitely going to bring spares, and still others will take weapons from incapacitated Antifa members.

We could be looking at anywhere between 2 million or 3 million patriots, and God willing even more.
